DAFTAR SINGKATAN ..................................................................................................... x
DAFTAR TABEL ............................................................................................................. xi
DAFTAR GAMBAR ......................................................................................................... xii
DAFTAR LAMPIRAN ...................................................................................................... xiii
INTISARI ....................................................................................................................... xiv

BAB I PENDAHULUAN .............................................................................................. 1
  1.1. Latar Belakang ...................................................................................................... 1
  1.2. Rumusan Masalah ............................................................................................... 3
  1.3. Tujuan Penelitian ............................................................................................... 3
  1.4. Manfaat Penelitian ............................................................................................ 5
    1.4.1. Manfaat teoritis ........................................................................................... 5
    1.4.2. Manfaat praktis .......................................................................................... 5

BAB II TINJAUAN PUSTAKA ..................................................................................... 6
  2.1. Rawat Inap ........................................................................................................... 6
  2.2. Bedah Digestif .................................................................................................... 9
  2.3. Faktor-Faktor yang Mempengaruhi Lama Rawat Inap Pasien Pasca Bedah Digestif Non Trauma ................................................................. 11
    2.3.1. Jenis Diagnosis ........................................................................................... 11
    2.3.2. Status gizi ................................................................................................. 13
    2.3.3. Jenis Kelamin ............................................................................................ 14
    2.3.4. Usia ........................................................................................................... 14
    2.3.5. Kelas Perawatan ....................................................................................... 15
  2.4. Kerangka Teori .................................................................................................. 17
BAB III METODE PENELITIAN
3.1. Jenis Penelitian dan Rancangan Penelitian
3.2. Variabel
  3.2.1. Variabel bebas
  3.2.2. Variabel tergantung
3.3. Definisi Operasional
  3.3.1. Faktor-faktor yang mempengaruhi lama rawat inap pada pasien pasca bedah digestif
  3.3.2. Lama Rawat Inap / Length of Stay (LOS)
3.4. Populasi dan Sampel
  3.4.1. Populasi
  3.4.2. Sampel
3.5. Instrumen dan Bahan Penelitian
  3.5.1. Instrumen
  3.5.2. Bahan Penelitian
3.6. Cara Penelitian
  3.6.1. Tahap Persiapan dan Pengurusan Izin Penelitian
  3.6.2. Pengumpulan Data
  3.6.3. Metode Pengambilan Data
3.7. Alur Penelitian
3.8. Tempat dan Waktu Penelitian
3.9. Analisis Hasil

BAB IV HASIL PENELITIAN DAN PEMBAHASAN
4.1. Hasil Penelitian
  4.1.1 Analisis data secara statistik
4.2. Pembahasan
BAB V KESIMPULAN DAN SARAN

5.1. Kesimpulan

5.2. Saran
