Actually, a marriage be held when the two bridegrooms are old enough fit by UU No. 1/ 1974 Article 7 (1) that gives limit the age of marriagers, then on the Article 7 (2) arranges about marriage dispensation. In this case, there are two problems that will be analyzed. (1) The factors that cause the petition of marriage dispensation is proposed, (2) How the Judge's considering to acced the petition of marriage dispensation.

The purpose of this research is to describe the cause of petition of marriage dispensation and to describe how the Judge's considering to acced the petition of marriage dispensation. In this research, there are also two benefits. The first is from theorycal side it gives development of knowledge, especially for Islamic marriage law in Indonesia. And the second is from practical side that can be used by the government and any other society.

This research is included into a qualitative approach of observation, an observation that's intended to understand the phenomenons and troubles that's going on a place directly (field research). Beside that, the writer also added a library research. The kind of the source of data consist of primer data and skunder data, those are: interviews, documents, books and journals. The method of the analysis data in this research used a qualitative method.

The conclusion of this research, it describes the analysis result of the factors that cause the petition of marriage dispensation and the Judge's considering to acced the petitions, those are: (1) Because the bridegroom has pregnant before the marriage/ Married by Accident (MBA), and (2) Because they worried about breaking the syar'i law. Whereas the Judge's considering is based on relative and absolute authorities and also the holy Quran and Fiqh principles.
