DAFTAR ISI ................................................................................................................ vi
DAFTAR TABEL .......................................................................................................... x
DAFTAR GAMBAR .................................................................................................... xi
DAFTAR LAMPIRAN .................................................................................................. xii
DAFTAR SINGKATAN ............................................................................................... xiii
INTISARI .................................................................................................................. xiv

BAB I PENDAHULUAN .............................................................................................. 1

1.1. Latar Belakang ................................................................................................... 1
1.2. Rumusan Masalah ............................................................................................ 5
1.3. Tujuan Penelitian ............................................................................................. 5
  1.3.1 Tujuan Umum ............................................................................................... 5
  1.3.2 Tujuan Khusus ............................................................................................. 5
1.4. Manfaat Penelitian .......................................................................................... 6
  1.4.1. Manfaat Teoritis ....................................................................................... 6
  1.4.2. Manfaat Praktis ....................................................................................... 6

BAB II TINJAUAN PUSTAKA .................................................................................. 7

2.1. Sikap .................................................................................................................. 7
  2.1.1. Pengertian Sikap ....................................................................................... 7
  2.1.2. Faktor – faktor yang mempengaruhi sikap .............................................. 8
2.2. Stem cell .......................................................................................................... 10

vi
2.2.1. Pengertian stem cell .......................... 10
2.2.2. Karakteristik Stem cell ......................... 11
2.2.3. Kemampuan stem cell untuk berdiferensiasi ....... 12
2.2.4. Sumber Stem cell ................................ 14
2.2.5. Penggunaan Stem cell Sebagai Terapi .......... 16
2.3. Latar Belakang .................................................. 18
   2.3.1. Latar Belakang Mempengaruhi Sikap ............. 18
   2.3.2. Sikap Pemberi Layanan Medis Mengenai Terapi Stem cell ........................................ 19
2.4. Pengetahuan .................................................. 20
   2.4.1. Definisi ................................................ 20
   2.4.2. Faktor-faktor Yang Mempengaruhi Tingkat Pengetahuan ........................................ 21
   2.4.3. Pengaruh Pengetahuan Terhadap Tindakan Seseorang ............................................. 22
2.5. Tinjauan Hukum Untuk Keselamatan Pasien ........ ....... 23
2.6. Hubungan Latar belakang dan Tingkat Pengetahuan Terhadap Sikap Mengenai Terapi Stem cell ........................................ 26
2.7. Kerangka Teori ................................................ 28
2.8. Kerangka Konsep ............................................. 29
2.9. Hipotesis ......................................................... 29
BAB III METODE PENELITIAN ........................................ 30
   3.1. Jenis Penelitian dan Rancangan Penelitian ........ 30
   3.2. Variabel dan Definisi Operasional .................... 30
      3.2.1. Variabel ........................................... 30
      3.2.2. Definisi operasional ......................... 30
   3.3. Populasi dan Sampel ................................. 33
3.3.1 Populasi ................................................................. 33
3.3.2 Sampel ................................................................. 33
3.4. Instrumen dan Bahan Penelitian .................................. 34
  3.4.1. Instrumen .......................................................... 34
3.5. Cara Penelitian ......................................................... 34
3.6. Alur Penelitian ......................................................... 35
3.7. Tempat dan Waktu .................................................... 36
3.8. Analisis Hasil ............................................................ 36
  3.7.1 Uji Normalitas ...................................................... 36
  3.7.2 Analisis Univariat .................................................. 36
  3.7.3 Analisis Bivariat .................................................... 37
BAB IV HASIL PENELITIAN DAN PEMBAHASAN ............... 38
  4.1 Hasil Penelitian ......................................................... 38
    4.1.1 Gambaran Umum Penelitian .................................. 38
    4.1.2 Karakteristik Responden ....................................... 39
  4.2 Analisis Data ........................................................... 40
    4.2.1 Uji Validitas ...................................................... 40
    4.2.2 Uji Reliabilitas ................................................... 41
    4.2.3 Analisis Univariat ............................................... 41
    4.2.4 Hasil Analisis Bivariat ......................................... 42
  4.3 Pembahasan ............................................................ 43
    4.3.1 Analisis Univariat ............................................... 43
    4.3.2 Analisis Bivariat ............................................... 47
  4.4 Keterbatasan Penelitian ............................................. 54
BAB V PENUTUP ............................................................ 55
  4.1 Simpulan ............................................................... 55
4.2 Saran.............................................................................................................. 55
DAFTAR PUSTAKA ............................................................................................. 57
LAMPIRAN.............................................................................................................. 59
DAFTAR TABEL

Tabel 4.1 Distribusi Karakteristik responden......................................................... 39
Tabel 4.2 Uji validitas sikap...................................................................................... 40
Tabel 4.3 Distribusi responden berdasarkan tingkat pengetahuan dan pendidikan terakhir di Lingkungan RSI Sultan Agung Semarang. ......................... 41
Tabel 4.4. Hubungan antara usia, jenis kelamin, agama, dan tingkat pengetahuan dengan sikap mengenai terapi stem cell di Lingkungan RSI Sultan Agung Semarang ................................................................. 42
DAFTAR GAMBAR

Gambar 2.1. Hubungan Stimuli dan sikap .................................................. 7
Gambar 2.2. Sifat/karakter stem cell yaitu differentiate dan self regenerate/renew ................................................................. 11
Gambar 2.3. Stem cell totipoten dan pluripoten........................................ 13
Gambar 2.4. Multipotent dan unipotent stem cells pada sumsum tulang ..... 14
Gambar 2.5. Skema Kerangka Teori............................................................. 28
Gambar 2.6. Skema Kerangka konsep ....................................................... 29
Gambar 3.1. Skema Alur Penelitian............................................................. 36
DAFTAR LAMPIRAN

Lampiran 1. Kuisoner Penelitian Yang Valid ......................................................... 59
Lampiran 2. Surat Keterangan Telah Melaksanakan Penelitian ......................... 61
Lampiran 3. Ethical Clearance ............................................................................. 62
Lampiran 4. Hasil Olah Data .............................................................................. 63
Lampiran 5. Dokumentasi Penelitian ................................................................. 70
