Daftar Tabel

Tabel 2.1 Penelitian Terdahulu ................................................................. 18
Tabel 3.1 Pengambilan Setempel .............................................................. 25
Tabel 3.2 Variabel dan Indikator Penelitian .............................................. 29
Tabel 3.3 Dasar Pengambilan Keputusan Uji Autokorelasi ......................... 32
Tabel 4.1 Hasil Analisis Statistik Deskriptif .............................................. 38
Tabel 4.2 Uji Kolmogrov-Smirnov .......................................................... 40
Tabel 4.3 Nomer Sampel Outlier .............................................................. 41
Tabel 4.4 Uji Normalitas ................................................................. 4139
Tabel 4.5 Uji Multikolinearitas ............................................................... 42
Tabel 4.6 Uji Gletjer ........................................................................ 43
Tabel 4.7 Uji Autokorelasi .................................................................. 44
Tabel 4.8 Model Persamaan Regresi ...................................................... 45
Tabel 4.9 Hasil Uji F ........................................................................ 46
Tabel 4.10 Koefisien Determinasi .......................................................... 47
Daftar Lampiran

Lampiran 1 Daftar Nama Bank Umum Syariah yang Terdaftar Di BEI Tahun 2014 – 2017 .......................................................... 59
Lampiran 2 Data Laporan Keuangan Bank Umum Syariah Tahun 2014 – 2017 ............................... 60
Lampiran 3 Tabel Statistik Deskritif ................................................................................................................. 60
Lampiran 4 Tabel Uji Normalitas ..................................................................................................................... 62
Lampiran 5 Tabel Uji Multikolinearitas .......................................................................................................... 63
Lampiran 6 Tabel Uji Heteroskedatisitas ....................................................................................................... 64
Lampiran 7 Tabel Uji Autokorelasi .................................................................................................................. 65
Lampiran 8 Tabel Model Persamaan Regresi ............................................................................................... 66
Lampiran 9 Tabel Uji F .................................................................................................................................. 67
Lampiran 10 Tabel Koefisien Determinasi ................................................................................................. 68
