

ABSTRAK

Romsiyah. 2020. Pengaruh Model *Cooperative Learning* Tipe Think Pair Share Berbantu Media Tamagi Terhadap Berpikir kreatif dan Tanggung Peserta Didik pada Kelas 4 SDN Gebangsari 01 Semarang. Program Studi Guru Sekolah Dasar. Fakultas Keguruan dan Ilmu pendidikan, Universitas Islam Sultan Agung. Pembimbing I: RidaFironika K., S.Pd., M.Pd. Pembimbing II: Jupriyanto, S.Pd., M.Pd.

Pembentukan karakter harus ditanamkan sejak peserta didik berada di jenjang pendidikan dasar. Karena karakter tersebut akan berdampak pada kehidupan kedepannya termasuk berpikir kreatif dan sikap tanggung jawab siswa. Jika karakter tersebut sudah terbentuk dalam diri seseorang maka orang tersebut akan terbiasa menanamkan karakter itu dalam kegiatannya sehari-hari. Tujuan diadakannya penelitian ini adalah untuk mengetahui pengaruh model *Cooperative Learning* tipe *Think Pair Share* berbantu media Tamagi terhadap berpikir kreatif dan sikap tanggung jawab peserta didik pada kelas IV SDN Gebangsari 01. Desain yang digunakan untuk penelitian ini yaitu *Quasi Eksperimental Design*. Untuk menganalisis data digunakan uji *Paired Sample T-Test*. Hasil uji hipotesis pertama berupa *paired sample t-test*, terlihat pada kolom *Lower* dan *Upper* masing-masing bernilai negatif yakni -35.21225 untuk *Lower* dan -25.96422 untuk *Upper*. Nilai dari *Sig. (2-tailed)*: 0,000. Hal ini menunjukkan bahwa H_0 ditolak yang berarti H_a diterima. Dengan begitu dapat dikatakan bahwa model pembelajaran *Cooperative Learning* berbantu media tamagi berpengaruh secara signifikan terhadap kemampuan berfikir kreatif peserta didik kelas IV SDN 01 Gebangsari. Uji hipotesis kedua juga berupa *Paired Sample T-Test*, terlihat pada kolom *Lower* dan *Upper* masing-masing bernilai negative yakni -31.57128 untuk *Lower* dan -4.42872 untuk *Upper*. Nilai dari *Sig. (2-tailed)*: 0,013. Hal ini menunjukkan bahwa H_0 ditolak yang berarti H_a diterima. Dengan begitu dapat dikatakan bahwa model pembelajaran *Cooperative Learning* berbantu media tamagi berpengaruh secara signifikan terhadap sikap tanggung jawab peserta didik kelas IV SDN 01 Gebangsari.

Kata kunci: model *Cooperative learning* tipe *think pair share*, media Tamagi, berpikir kreatif, sikap tanggung jawab peserta didik

ABSTRACT

Romsiyah. 2020. The Effect of Think Pair Share Cooperative Learning Model Assisted by Tamagi Media on Creative Thinking and Students' Responsibilities at the 4th Grade Students of SDN Gebangsari 01 Semarang. Elementary School Teacher Study Program. Faculty of Teacher Training and Education, Sultan Agung Islamic University. Advisor I: RidaFironika K., S.Pd.,M.Pd. Advisor II: Jupriyanto, S.Pd., M.Pd.

Formation of character must be instilled since students are in elementary education. Because the character will have an impact on future life including creative thinking and attitude of student responsibility. If the character has formed in a person, then that person will get used to instilling the character in their daily activities. The purpose of this research is to find out the effect of the Coopera

tive learning model of think pair share assisted by Tamagi media on creative thinking and the attitude of responsibility of students in class IV SDN Gebangsari 01. The design used for this study is quasi experimental design. To analyze the data paired sample t-test was used. The results of the first hypothesis test in the form of paired sample t-test, seen in the Lower and Upper columns were negative respectively -35.21225 for Lower and -25.96422 for Upper. The value of Sig. (2-tailed): 0,000. This shows that H₀ was rejected, which means H_a was accepted. Thus it can be said that the cooperative learning model assisted by Tamagi media significantly influences the ability to think creatively in grade IV SDN 01 Gebangsari students. The second hypothesis test is also in the form of paired sample t-test, seen in the Lower and Upper columns, each of which has a negative value of -31.57128 for Lower and -4.42872 for Upper. The value of Sig. (2-tailed): 0.013. This shows that H₀ was rejected, which means H_a was accepted. Thus it can be said that the cooperative learning model assisted by Tamagi media significantly influences the attitude of responsibility of grade IV students of SDN 01 Gebangsari.

Keywords: Cooperative learning model think pair share type, Tamagi media, creative thinking, students' attitude of responsibility.
