

## ABSTRAK

Ibadurrahman Kholilulloh : “Efektifitas Penerapan Metode *Tamyiz* Dalam Pembelajaran Bahasa Arab Di Pondok Pesantren dan SMK Robbi Rodliyya Semarang” Fakultas Agama Islam Program Magister Pendidikan Agama Islam Universitas Sultan Agung (UNISSULA) Semarang, 2020

Penelitian ini dilakukan untuk mengungkapkan metode pembelajaran dengan menyanyikan materi pelajaran (Shorof – Nahwu) sehingga tidak merasa terbebani, dan secara tidak disadari telah menghafal materi pelajaran yang telah dipelajari di Pondok Pesantren dan SMK Robbi Rodliyya Semarang. Adapun tujuan penelitian ini adalah: untuk mengetahui perencanaan, pelaksanaan, penilaian, dan hasil pembelajaran bahasa arab dengan menggunakan metode *tamyiz*.

Penelitian ini dilaksanakan di Pondok Pesantren dan SMK Robbi Rodliyya Semarang, dengan menggunakan metode kualitatif deskriptif. Teknik pengumpulan data dilakukan dengan metode *Triangulasi* dengan informan kunci dalam penelitian ini adalah Pengasuh, Kepala Sekolah, dan siswa. Pengumpulan data menggunakan teknik observasi partisipan, wawancara dan dokumentasi. Uji keabsahan data menggunakan peningkatan ketelitian pengamatan, analisis hasil dan *member check*. Adapun teknik analisis data menggunakan reduksi data, penyajian data, dan penarikan kesimpulan.

Hasil penelitian ini menunjukkan bahwa hasil pembelajaran Bahasa Arab dengan menggunakan metode *tamyiz* di Pondok Pesantren dan SMK Robbi Rodliyya Semarang sudah sangat efektif. Keberhasilan tersebut dipengaruhi oleh perencanaan, pelaksanaan, dan penilaian yang dilakukan oleh pengasuh Pondok Pesantren dan SMK Robbi Rodliyya Semarang sudah baik dan sesuai dengan prosedur pembelajaran.

**Kata Kunci :** Efektivitas, Pembelajaran Bahasa Arab, Metode *tamyiz*.

## ABSTRACT

**Ibadurrahman Kholilulloh : "The Effectiveness of the Application of the Tamyiz Method in Learning Arabic at Islamic Boarding Schools and Senior High School Robbi Rodliyya in Semarang "Islamic Education Faculty of Islamic Education Masters Program in Sultan Agung Islamic University (UNISSULA) Semarang, 2020.**

This research was conducted to reveal the learning method by singing subject matter (Shorof - Nahwu) so that it did not feel burdened, and unconsciously memorized the subject matter that had been learned at the Islamic Boarding School And Senior High School Robbi Rodliyya Semarang. The purpose of this research is to determine the planning, implementation, assessment, and learning outcomes using Arabic language *tamyiz* method.

This study was conducted in the Islamic Boarding School and Senior High School Robbi Rodliyya Semarang, using descriptive qualitative approach. The data was collected by the method of triangulation with key informants are caretakers of the cottage, principals, and students. Collecting data using the technique of participant observation, interviews, and documentation. Test the validity of the data using the increased accuracy of observation, analysis of results and member check. The data analysis technique uses data reduction, data presentation, and drawing conclusions.

The result of this research show that the result of arabic learning using *tamyiz* method at the Islamic Boarding School And Senior High School Robbi Rodliyya Semarang has been very effective. The success is influenced by the planning, implementation and assesment conducted by the caretakers of the cottage of Islamic Boarding School And Senior High School Robbi Rodliyya Semarang has been good and in accordance with the procedure of learning.

**Keyword:** Effectiveness, Arabic learning, *Tamyiz* method.
