Penelitian ini berfokus pada pengembangan media pembelajaran interaktif materi perjuangan para pahlawan. Kurangnya ketersediaan media pembelajaran interaktif dan pembelajaran materi IPS cenderung hafalan membuat siswa sulit memahami materi. Tujuan dari penelitian adalah untuk mengetahui pengembangan, kelayakan, dan kepraktisan media pembelajaran interaktif muatan pelajaran IPS materi Perjuangan Para Pahlawan Kelas IV SD. Metode yang digunakan adalah penelitian pengembangan (*R&D*). Metode yang digunakan dalam pengumpulan data yaitu angket. Hasil penelitian dan pengembangan: (1) Proses penelitian menggunakan model pengembangan Plomp. Tahapannya adalah: Tahap investigasi awal meliputi analisis kurikulum, analisis karakter siswa, analisis materi, dan analisis tujuan pembelajaran. Tahap perancangan (desain) meliputi penyusunan materi, pemilihan media, penyusunan pemilihan format, dan desain media pembelajaran interaktif. tahap realisasi (konstruksi) meliputi produk jadi aplikasi (.apk). tahap tes, evaluasi, dan revisi meliputi uji validasi media dan validasi instrumen angket. Tahap implementasi meliputi uji respon siswa dan guru (2) Hasil penelitian uji validasi media mendapatkan skor 0,93 kategori sangat valid, (3) hasil validasi instrumen angket respon guru dan siswa mendapatkan skor 0,93 kategori sangat valid, (4) hasil uji coba respon siswa mendapatkan skor 42,9 kategori sangat baik, (5) hasil respon guru mendapatkan skor 48 kategori sangat baik. Dengan demikian, media pembelajaran interaktif Edulan layak dan praktis digunakan dalam pembelajaran.
