INTISARI ................................................................................................................................... xiii

BAB I PENDAHULUAN ........................................................................................................ 1
  1.1 Latar Belakang ................................................................................................................. 1
  1.2 Rumusan Masalah ........................................................................................................... 3
  1.3 Tujuan Penelitian ........................................................................................................... 3
    1.3.1 Tujuan Umum ......................................................................................................... 3
    1.3.2 Tujuan Khusus ....................................................................................................... 3
  1.4 Manfaat Penelitian ......................................................................................................... 3
    1.4.1 Manfaat Praktis ..................................................................................................... 3
    1.4.2 Manfaat Teoritis ................................................................................................... 4

BAB II TINJAUAN PUSTAKA ................................................................................................... 5
  2.1 Miopia ............................................................................................................................ 5
    2.1.1 Definisi .................................................................................................................... 5
    2.1.2 Faktor Risiko .......................................................................................................... 6
2.1.3 Klasifikasi ................................................................. 8
2.1.4 Gambaran Klinis ........................................................... 9
2.1.5 Penatalaksanaan ......................................................... 10
2.1.6 Komplikasi ............................................................... 10

2.2 Tekanan Intraokular ....................................................... 11
2.2.1 Definisi ................................................................. 11
2.2.2 Fisiologi Cairan Intraokular ....................................... 11
2.2.3 Pengaturan Tekanan Intraokular ............................... 14
2.2.4 Faktor – faktor yang Mempengaruhi Tekanan Intraokular .... 14
2.2.5 Pengukuran Tekanan Intraokular .................................. 17

2.3 Hubungan Miopia dengan Tekanan Intraokular ................. 18

2.4 Kerangka Teori ........................................................... 20
2.5 Kerangka Konsep ......................................................... 21

2.6 Hipotesis ................................................................. 21

BAB III METODE PENELITIAN ........................................... 22

3.1 Jenis dan Rancangan Penelitian ....................................... 22
3.2 Variabel dan Definisi Operasional .................................. 22
3.2.1 Variabel .............................................................. 22
3.2.2 Definisi Operasional .................................................. 22
3.3 Populasi dan Sampel ..................................................... 23
3.3.1 Populasi .............................................................. 23
3.3.2 Sampel ............................................................... 23
3.4 Instrumen dan Bahan Penelitian .................................... 26
3.5 Cara Penelitian .......................................................... 26
3.5.1 Studi Pendahuluan ................................................... 26
3.5.2 Pelaksanaan Penelitian .................................................. 27
3.5.3 Alur Penelitian ............................................................ 28
3.6 Tempat dan Waktu Penelitian ........................................... 28
  3.6.1 Tempat penelitian ..................................................... 28
  3.6.2 Waktu Penelitian ..................................................... 28
3.7 Analisis Hasil .................................................................. 29

BAB IV HASIL PENELITIAN DAN PEMBAHASAN .................. 30
  4.1 Hasil Penelitian ............................................................. 30
  4.2 Pembahasan ............................................................... 33

BAB V KESIMPULAN DAN SARAN ....................................... 36
  5.1 Kesimpulan .................................................................. 36
  5.2 Saran ............................................................................ 36
