## BAB I PENDAHULUAN

1.1 Latar Belakang Penelitian .................................................. 1
1.2 Rumusan Masalah .......................................................... 7
1.3 Tujuan Penelitian .......................................................... 8
1.4 Kontribusi dan Manfaat Penelitian ..................................... 8

## BAB II KAJIAN PUSTAKA

2.1 Landasan Teori .......................................................... 10
2.1.1 Teori Keagenan ...................................................... 10
2.1.2 *Good Corporate Governance* ....................................... 11
2.1.3 Kepemilikan Perusahaan ............................................ 22
2.1.4 Manajemen Laba ..................................................... 23
2.1.5 Tipe Auditor ........................................................................................................ 26
2.1.6 Audit Fee ................................................................................................................ 27
2.2 Penelitian Terdahulu ................................................................................................ 28
2.3 Kerangka Pemikiran Teoritis .................................................................................... 32
2.4 Hipotesis ..................................................................................................................... 33

BAB III METODE PENELITIAN ........................................................................... 38
3.1 Jenis Penelitian .......................................................................................................... 38
3.2 Variabel dan Definisi Operasional Variabel .............................................................. 38
  3.2.1 Variabel Dependen .............................................................................................. 38
  3.2.2 Variabel Independen ......................................................................................... 39
  3.2.3 Variabel Kontrol ................................................................................................. 41
3.3 Populasi dan Sampel ................................................................................................ 43
3.4 Jenis dan Sumber Data ............................................................................................. 43
3.5 Teknik Sampling ....................................................................................................... 44
3.6 Teknik Pengumpulan Data ....................................................................................... 44
3.7 Teknik Analisis .......................................................................................................... 45
  3.7.1 Analisis Statistik Deskriptif ............................................................................... 45
  3.7.2 Uji Asumsi Klasik ............................................................................................ 45
  3.7.3 Pengujian Hipotesis ......................................................................................... 49

BAB IV HASIL PENELITIAN DAN PEMBAHASAN ........................................ 55
4.1 Statistik Deskriptif ..................................................................................................... 55
4.2 Uji Asumsi Klasik .................................................................................................... 58
  4.2.1 Uji Normalitas Data .......................................................................................... 58
4.2.2 Uji Multikolinieritas .......................................................... 59
4.2.3 Uji Auto Korelasi ............................................................... 60
4.2.4 Uji Heterokedastisitas ....................................................... 61
4.3 Uji Logistik Regresi ............................................................... 62
  4.3.1 Model Fit .................................................................. 63
  4.3.2 Koefisien Determinasi .................................................. 63
  4.3.3 Persamaan Logistik Regresi ........................................... 64
4.4 Uji Regresi Berganda ............................................................. 65
  4.4.1 Pengujian Model Regresi (Uji F) ..................................... 65
  4.4.2 Koefisien Determinasi ($R^2$) ......................................... 66
  4.4.3 Persamaan Regresi Berganda ........................................ 67
4.5 Pengujian Hipotesis (Uji t) ...................................................... 68
4.6 Pembahasan ........................................................................ 70
  4.6.1 Pengaruh Kepemilikan Perusahaan Terhadap Tipe Auditor ...... 70
  4.6.2 Pengaruh Kepemilikan Perusahaan Terhadap Audit Fees ......... 71
  4.6.3 Pengaruh Corporate Governance Terhadap Tipe Auditor ........ 72
  4.6.4 Pengaruh Corporate Governance Terhadap Audit Fees .......... 72
  4.6.5 Pengaruh Manajemen Laba Terhadap Tipe Auditor ............. 73
  4.6.6 Pengaruh Manajemen Laba Terhadap Audit Fees ............... 74
BAB V PENUTUP .......................................................................... 75
  5.1 Kesimpulan ..................................................................... 75
  5.2 Saran .............................................................................. 76
  5.3 Keterbatasan .................................................................... 77
