BAB I PENDAHULUAN

1.1 Latar Belakang Penelitian .................................................................................. 1
1.2 Rumusan Masalah .............................................................................................. 9
1.3 Tujuan Penelitian ............................................................................................... 10
1.4 Kontribusi dan Manfaat Penelitian ................................................................... 10

BAB II KAJIAN PUSTAKA

2.1 Landasan Teori .................................................................................................. 12
   2.1.1 Fraud .......................................................................................................... 14
2.1.1.1 Definisi Fraud ................................................................. 14
2.1.1.2 Unsur-unsur Fraud ...................................................... 15
2.1.1.3 Jenis-jenis fraud ............................................................ 15
2.1.1.4 Fraud Tree ................................................................. 16
2.1.2 Kecurangan Laporan Keuangan ....................................... 19
   2.1.2.1 Deteksi Kecurangan Laporan Keuangan ....................... 19
   2.1.2.2 Imbalan Kecurangan Laporan Keuangan ...................... 20
   2.1.2.3 Pelaku Kecurangan Laporan Keuangan ....................... 20
2.1.3 Fraud Triangle Theory ...................................................... 21
   2.1.3.1 Pressure ................................................................. 21
   2.1.3.2 Opportunity ............................................................ 22
   2.1.3.3 Rationalization ........................................................ 23
2.1.4 Manajemen Laba ............................................................. 24
2.2 Penelitian Terdahulu ............................................................ 26
2.3 Hipotesis Penelitian ............................................................. 28
   2.3.1 Financial Stability Pressure Terhadap Kecurangan Laporan Keuangan ................................................................. 28
   2.3.2 Financial Targets terhadap Kecurangan Laporan Keuangan .... 30
   2.3.3 Personal Financial Need Terhadap Kecurangan Laporan Keuangan .................................................................................. 31
   2.3.4 Eksternal Pressure Terhadap Kecurangan Laporan Keuangan .. 33
   2.3.5 Ineffective Monitoring Terhadap Kecurangan Laporan 34
BAB III METODE PENELITIAN

3.1 Variabel Penelitian dan Definisi Operasional ........................................ 36

3.1.1 Variabel Penelitian ............................................................................... 36

3.1.1.1 Variabel Dependen ......................................................................... 36

3.1.1.2 Variabel Independen ........................................................................ 39

3.1.2 Definisi Operasional ........................................................................... 39

3.1.2.1 Financial Stability Pressure .......................................................... 39

3.1.2.2 Financial Targets ........................................................................... 40

3.1.2.3 Personal Financial Need ............................................................... 41

3.1.2.4 Eksternal Pressure ......................................................................... 42

3.1.2.5 Ineffective Monitoring ................................................................... 42

3.2 Populasi dan Sampel ............................................................................... 43

3.3 Jenis dan Sumber Data ........................................................................... 44

3.4 Metode Pengumpulan Data ................................................................... 44

3.5 Metode Analisis Data ............................................................................ 45

3.5.1 Statistik Deskriptif ............................................................................. 45

3.5.2 Uji Asumsi Klasik ............................................................................ 46

3.5.2.1 Uji Normalitas ............................................................................ 46

3.5.2.2 Uji Multikolinearitas ...................................................................... 47
3.5.2.3 Uji Autokorelasi .............................................................. 48
3.5.2.4 Uji Heteroskedastisitas .................................................. 48
3.5.3 Uji Hipotesis ................................................................. 49
  3.5.3.1 Koefisien Determinasi .............................................. 50
  3.5.3.2 Uji Signifikasi Simultan ............................................. 51
  3.5.3.3 Uji Parameter Individual .......................................... 51

BAB IV HASIL DAN PEMBAHASAN

4.1 Manajemen Laba .............................................................. 52
4.2 Statistik Deskriptif ............................................................ 54
4.3 Uji Asumsi Klasik ............................................................ 56
  4.3.1 Uji Normalitas ............................................................ 56
  4.3.2 Uji Multikolinearitas .................................................... 58
  4.3.3 Uji Autokorelasi .......................................................... 59
  4.3.4 Uji Heteroskedastisitas .............................................. 60
4.4 Analisis Regresi dan Linear Berganda ................................ 61
4.5 Uji Hipotesis ................................................................. 63
  4.5.1 Koefisien Determinasi ................................................ 63
  4.5.2 Uji Signifikasi Simultan .............................................. 64
  4.5.3 Uji Parameter Individual ............................................. 65
  4.5.4 Pengujian Hipotesis ................................................... 66
4.6 Interpretasi Hasil .......................................................................................... 69

BAB V PENUTUP

5.1 Kesimpulan .................................................................................................. 75
5.2 Keterbatasan Penelitian ............................................................................... 76
5.3 Saran ............................................................................................................. 76
