DAFTAR LAMPIRAN ................................................................................................. xiii
INTISARI ................................................................................................................... xiv
BAB I PENDAHULUAN ............................................................................................ 1
  1.1 Latar Belakang .................................................................................................... 1
  1.2 Perumusan Masalah .......................................................................................... 3
  1.3 Tujuan Penelitian ............................................................................................ 3
      1.3.1 Tujuan Umum ............................................................................................ 3
      1.3.2 Tujuan Khusus ......................................................................................... 3
  1.4 Manfaat Penelitian .......................................................................................... 3
      1.4.1 Manfaat Teoritis ....................................................................................... 3
      1.4.2 Manfaat Praktis ....................................................................................... 4
BAB II TINJAUAN PUSTAKA .................................................................................... 5
  2.1 Mata .................................................................................................................. 5
2.1.1 Anatomi.......................................................... 5
2.1.2 Fisiologi.......................................................... 7
2.1.3 Perkembangan Mata......................................... 8

2.2 Miopia .................................................................... 9
   2.2.1 Definisi .......................................................... 9
   2.2.2 Etiologi .......................................................... 9
   2.2.3 Faktor Risiko .................................................. 10
   2.2.4 Klasifikasi ...................................................... 11
   2.2.5 Gejala Klinik ................................................... 14
   2.2.6 Diagnosis Miopia pada Anak ............................ 15
   2.2.7 Penatalaksanaan Miopia .................................. 16
   2.2.8 Pencegahan .................................................... 18

2.3 Progresivitas Miopia ............................................. 19
   2.3.1 Definisi .......................................................... 19
   2.3.2 Faktor yang mempengaruhi ............................ 20

2.4 Pengetahuan dan Sikap ....................................... 21
   2.4.1 Pengetahuan .................................................. 21
   2.4.2 Sikap ............................................................. 24

2.5 Hubungan Pengetahuan dan Sikap Orangtua dengan Progresivitas Miopia Pada Anak ........................................... 25
   2.5.1 Pengetahuan orangtua tentang progresivitas miopia pada anak ............................................. 25
2.5.2 Sikap orangtua dengan progresivitas miopia pada anak ................................................................. 25

2.6 Kerangka Teori ................................................................................................................................. 27

2.7 Kerangka Konsep ........................................................................................................................... 28

2.8 Hipotesis ........................................................................................................................................ 28

BAB III METODE PENELITIAN ........................................................................................................... 29

3.1 Jenis Penelitian ................................................................................................................................. 29

3.2 Variabel Penelitian dan Definisi Operasional .............................................................................. 29

3.2.1 Variabel Penelitian .................................................................................................................... 29

3.2.2 Definisi Operasional .................................................................................................................. 29

3.3 Populasi dan Sampel ....................................................................................................................... 31

3.3.1 Populasi ....................................................................................................................................... 31

3.3.2 Sampel ....................................................................................................................................... 31

3.3.2.1 Besar sampel .......................................................................................................................... 31

3.3.2.2 Teknik Pengambilan Sampel .................................................................................................. 33

3.4 Instrumen dan Bahan Penelitian ..................................................................................................... 33

3.5 Uji Validitas dan Reliabilitas ............................................................................................................ 33

3.5.1 Uji validitas ................................................................................................................................. 33

3.5.2 Uji reabilitas ............................................................................................................................... 34

3.6 Cara Penelitian ................................................................................................................................. 35

3.6.1 Persiapan ..................................................................................................................................... 35

3.6.2 Perizinan ..................................................................................................................................... 35

3.6.3 Pelaksanaan penelitian ............................................................................................................... 35
