ABSTRACT

NAFISAH, LUK LUKATUN. 182100272. The Correlation between Students' Introversion Personality and Their Writing Ability (A case of the Tenth Graders of SMA Muhammadiyah 2 Demak in the Academic Year of 2016 /2017). A final project, English Language Education Program, College of Languages Sultan Agung Islamic University. Nani Hidayati, M.Pd as the advisor.

The aim of this study was to find out whether there is or there is no correlation between students' introversion personality and their writing ability. This study is designed as a quantitative research, especially correlational study. The population of this study was the tenth graders of SMA Muhammadiyah 2 Demak in the academic year 2016/ 2017 and the samples of the study was class X-1 consist of 28 students. Questionnaire and writing test was used to collect the data. The questionnaire was used to analyze the students' introversion personality, while the writing test was used to measure the writing ability. The data were statically analyzed by using descriptive analysis and Pearson product moment Formula in SPSS 16. From descriptive analysis, it was known that 2 sample has lower level, 5 have lower middle, 7 have middle, 11 have upper middle, and 3 have upper, while for writing ability, it was found that 3 have very poor, 10 have poor, 7 have fair, 7 have good, and 1 has very good. From the correlation analysis revealed that coefficient was 0.603, while significance value was 0.000. It means that H_1 was accepted. Based on the result of the study, the conclusion is that there was a correlation between students' introversion personality and their writing ability of the tenth graders of SMA Muhammadiyah 2 Demak in the academic year 2016/ 2017.

Keywords: *correlation, introversion personality, writing ability*

INTI SARI

NAFISAH, LUK LUKATUN. 182100272. The Correlation between Students' Introversion Personality and Their Writing Ability (A case of the Tenth Graders of SMA Muhammadiyah 2 Demak in the Academic Year of 2016 /2017). A final project, English Language Education Program, College of Languages Sultan Agung Islamic University. Nani Hidayati, M.Pd as the advisor.

Tujuan penelitian ini adalah untuk mengetahui apakah ada atau tidak hubungan antara siswa yang berkepribadian introvert dan kemampuan menulis. Desain penelitian ini adalah kuantitatif khususnya penelitian korelasi. Populasi dari penelitian ini adalah siswa kelas X dari SMA Muhammadiyah 2 Demak di tahun ajaran 2016/2017 dan sample penelitian adalah kelas X-1 yang terdiri dari 28 siswa. Pengumpulan data dilakukan dengan menguunakan kuesioner dan tes menulis. Kuesioner digunakan untuk menganalisa kepribadian introvert siswa, sedangkan tes menulis digunakan untuk mengukur kemampuan menulis siswa. Data dianalisa dengan menggunakan analisa deskripsi dan uji Pearson product moment di SPSS 16. Dari hasil analis deskriptif diketahui 2 sampel mempunyai tingkat keseringan lower, 5 sampel lower middle, 7 sampel middle, 11 sampel upper middle, dan 3 sampel upper, sedangkan kemampuan menulis ditemukan bahwa 3 sampel mempunyai penguasaan writng very poor, 10 sampel poor, 7 sampel fair, 7 sampel good, dan 1 sampel very good. Hasil uji korelasi Pearson product moment menunjukkan koefisien korelasi sebesar 0.603, sedangkan nilai probabilitas sebesar 0.000. Hal ini menunjukkan alternatif hipotesis diterima. Berdasarkan hasil tersebut dapat disimpulkan bahwa ada hubungan antara siswa yang berkepribadian introvert dengan kemampuan menulis siswa kelas X SMA Muhammadiyah 2 Demak tahun ajaran 2016/ 2017.

Kata kunci: *korelasi, kepribadian, introvert, kemampuan menulis.*
