2.1.3 Faktor-faktor yang mempengaruhi perilaku penggunaan kondom ............................................ 9

2.2 Pengetahuan tentang IMS .......................................................... 12

2.2.1 Pengetahuan ........................................................................ 12

2.2.2 Infeksi Menular Seksual (IMS) .............................................. 15

2.3 Hubungan Pengetahuan Tentang IMS dengan Perilaku

Penggunaan Kondom ..................................................................... 25

2.4 Kerangka Teori ................................................................. 27

2.5 Kerangka Konsep ............................................................... 27

2.6 Hipotesis ............................................................................. 27

BAB III METODE PENELITIAN ......................................................... 28

3.1 Jenis dan Rancangan Penelitian ........................................... 28

3.2 Variabel dan WPS ............................................................... 28

3.2.1 Variabel ........................................................................ 28

3.2.2 WPS ........................................................................... 28

3.3 Populasi dan Sampel ........................................................... 30

3.3.1 Populasi ........................................................................ 30

3.3.2 Sampel .......................................................................... 30

3.3.3 Kriteria inklusi dan ekslusi ................................................ 31

3.4 Tempat dan Waktu Penelitian .............................................. 31

3.5 Instrumen Penelitian ....................................................... 31

3.6 Cara Penelitian ................................................................. 32

3.7 Analisis Hasil ................................................................. 32
BAB IV HASIL PENELITIAN DAN PEMBAHASAN ................. 34
  4.1. Hasil Penelitian .................................................................. 34
  4.2. Pembahasan ........................................................................ 38
BAB V KESIMPULAN DAN SARAN .................................. 43
  5.1. Kesimpulan ........................................................................ 43
  5.2. Saran .................................................................................. 43
DAFTAR PUSTAKA .................................................................. 45
