DAFTAR ISI ................................................................................................................ xii

DAFTAR TABEL ......................................................................................................... xvii

DAFTAR SKEMA ........................................................................................................ xviii

DAFTAR LAMPIRAN .................................................................................................. xix

BAB I PENDAHULUAN .......................................................................................... 1

A. Latar Belakang ...................................................................................................... 1

B. Rumusan Masalah ............................................................................................... 6

C. Tujuan Penelitian ............................................................................................... 8

D. Manfaat Penelitian ............................................................................................ 8

BAB II Tinjauan Pustaka ......................................................................................... 10

A. Tinjauan Teori .................................................................................................... 10

1. Kepuasan Kerja ................................................................................................. 10

   a. Pengertian .................................................................................................. 10

   b. Faktor yang mempengaruhi ........................................................................ 10
c. Efek Kepuasan Kerja .................................................. 11

d. Indikator ................................................................. 13

e. Teori-teori .............................................................. 14

2. Komunikasi .............................................................. 15

   a. Pengertian .......................................................... 15

   b. Komponen .......................................................... 16

   c. Aplikasi komunikasi dalam keperawatan .................. 17

   d. Prinsip komunikasi efektif .................................. 18

   e. Komunikasi SBAR ............................................. 19

B. Kerangka Teori ........................................................ 23

C. Hipotesis ............................................................... 23

BAB III METODE PENELITIAN ........................................ 25

   A. Kerangka Konsep ................................................ 25

   B. Variabel Penelitian ............................................. 25

   C. Desain Penelitian .............................................. 26

   D. Populasi dan sampel penelitian .............................. 26

      1. Populasi ......................................................... 26

      2. Sampel ........................................................ 27

      3. Teknik pengambilan sampel .............................. 28

   E. Tempat dan waktu Penelitian ................................. 29

   F. Definisi Operasional ........................................... 30

   G. Instrument/ Alat pengumpulan data ....................... 31

   H. Metode Pengumpulan Data .................................. 34
I. Rencana Analisa Data................................................................. 36
J. Etika Penelitian........................................................................... 38

BAB IV HASIL PENELITIAN ................................................................ 41
A. Karakteristik Responden ............................................................ 41
  1. Jenis Kelamin........................................................................... 41
  2. Usia...................................................................................... 42
  3. Pendidikan.............................................................................. 42
  4. Masa Kerja............................................................................ 43
B. Analisis Univariat ....................................................................... 43
  1. Komunikasi SBAR............................................................... 43
  2. Kepuasan Kerja Perawat .................................................... 43
C. Analisis Bivariat ........................................................................ 44
  1. Uji Normalitas.......................................................................... 44
  2. Uji Spearman......................................................................... 45
  3. Tabel silang........................................................................... 45

BAB V PEMBAHASAN....................................................................... 46
A. Karakteristik Responden ............................................................. 46
  1. Jenis Kelamin.......................................................................... 46
  2. Usia..................................................................................... 47
  3. Pendidikan............................................................................ 48
  4. Masa Kerja............................................................................ 59
B. Komunikasi SBAR ..................................................................... 50
C. Kepuasan Kerja Perawat .......................................................... 52
D. Hubungan antara pelaksanaan Komunikasi SBAR dengan Kepusan Kerja Perawat .............................................................. 53

E. Keterbatasan Penelitian ..................................................... 55

F. Implikasi Keperawatan ...................................................... 55

BAB VISIMPULAN DAN SARAN ........................................... 56

A. Simpulan ........................................................................... 56

B. Saran .............................................................................. 57

DAFTAR PUSTAKA ................................................................ 58

LAMPIRAN ...........................................................................
DAFTAR TABEL

Tabel 3.1. Tabel total jumlah populasi................................................................. 27
Tabel 3.2. Tabel total jumlah sampel................................................................. 29
Tabel 3.3. Tabel definisi operasional ................................................................. 30
Tabel 4.1. Tabel Distribusi frekuensi jenis kelamin .......................................... 41
Tabel 4.2. Tabel Distribusi frekuensi usia ......................................................... 42
Tabel 4.3. Tabel Distribusi frekuensi pendidikan ............................................. 42
Tabel 4.4. Tabel Distribusi frekuensi masa kerja .............................................. 43
Tabel 4.5. Tabel Distribusi frekuensi komunikasi SBAR................................. 43
Tabel 4.6. Tabel Distribusi frekuensi kepuasan kerja..................................... 43
Tabel 4.7. Tabel Uji Normalitas.......................................................... 44
Tabel 4.8. Tabel Uji Spearman.......................................................... 44
Tabel 4.9. Tabel silang........................................................................ 45
DAFTAR SKEMA

Skema 2.1. Kerangka Teori................................................................. 23
Skema 3.1. Kerangka Konsep ............................................................. 25
DAFTAR LAMPIRAN

Lampiran 1. Surat Ijin Survei Pendahuluan dari Akademik FIK UNISSULA
Lampiran 2. Surat Balasan Ijin Surveidari RSI Sultan Agung Semarang
Lampiran 3. Surat Ijin Uji Validitas dari RSUD Tugurejo
Lampiran 4. Surat Ijin Penelitian dari Akademik FIK UNISSULA
Lampiran 5. Surat Balasan Ijin Penelitian dari RSI Sultan Agung Semarang
Lampiran 6. Surat keterangan Lolos Uji Etik
Lampiran 7. Surat keterangan Uji Turn it in Plagiarisme
Lampiran 8. Instrumen Penelitian (Kuesioner karakteristik demografi perawat, kuesioner kepuasan kerja perawat, lembar observasi Komunikasi SBAR)
Lampiran 9. Data hasil uji validitas dan reabilitas
Lampiran 10. Data hasil karakteristik responden, analisa univariat, uji normalitas, uji spearman, dan tabel silang
Lampiran 11. Tabulasi data
Lampiran 12. Lembar konsultasi/bimbingan
Lampiran 13. Jadwal penelitian
Lampiran 14. Daftar Riwayat Hidup
